

## Accreditation ISO/IEC 17043 (A2LA)

The DRRR is an accredited proficiency testing provider by A2LA according to ISO/IEC 17043:2023. The accreditation is only valid for the matrices/parameters listed on the A2LA scope of accreditation [#5494.01]. Whether a proficiency test is covered or not covered by the scope of accreditation by A2LA can be viewed in our online portal (ODIN).

In very rare individual cases an accredited proficiency testing round will not be carried out within the scope of accreditation due to technical or organizational reasons. In these rare cases the DRRR will inform the participants before the start of the proficiency testing round, thus before the sample shipment. An immediately free cancellation for the participants is possible until the date of the sample shipment.

## Your benefit

Our proficiency testing schemes cover a wide range of tests and analysis for material testing. Thus you can benefit from our high quality standards in all important testing fields:

### **in 2026 more than 500 accredited Proficiency testing schemes are offered**

By participating in our proficiency testing schemes you have an objective and independent impression of your quality and performance of your routine testing method. Your benefits taking part in DRRR proficiency testing schemes:

- Participation in proficiency testing is required by several facilities
- Participants can compare, assure and improve their own performance and quality
- Recognition of the applied method compared to the other laboratories
- Unquestionable lab performance towards customers and certification authorities
- Saving costs of lab development and maintenance
- Saving on the working time in the lab and many other benefits

## Registration/information

### **Simply brilliant, your proficiency testing with ODIN.**

Convenient proficiency testing participation with ODIN easy, safe and clearly

- Direct booking of proficiency testing schemes in our online catalogue
- Overview about the registered proficiency testing schemes
- Fast and secure submission of your results via ODIN
- Online access to individual customers reports and certificates

You can also use the following pages as a registration form or download them on our homepage:

# Building materials Registration - Proficiency test 2026

In the tables above each Proficiency test has been allocated to a **fixed test period** respectively to a fixed time planning.

## Proficiency Tests with the period November 2026

1

Sample shipment: 16.-17. November 2026

Reporting Deadline: individually depending on the proficiency test

## Proficiency Tests with the period December 2026

2

Sample shipment: 7.-8. December 2026

Reporting Deadline: individually depending on the proficiency test

**Do not hesitate to contact  
the DRRR-team:**

Markus Reichold  
+49(0)831/960 878-81  
[markus.reichold@drrr.de](mailto:markus.reichold@drrr.de)

Thorsten Helbig  
+49(0)831/960 878-77  
[thorsten.helbig@drrr.de](mailto:thorsten.helbig@drrr.de)

**Additional samples** are required for the following tests:

Quantity

Art.- No./ Proficiency testing type

**If you register for a large number of Proficiency tests  
please contact us for special prices!**

☐  
☐

An offer with the total costs is needed

A Purchase order from the purchasing department will follow

Registration by mail: [info@DRRR.de](mailto:info@DRRR.de)

Hereby we confirm obligatorily the participation in the above mentioned test(s)  
and the order for the additional sample sets.
